A CADEMY OF MUSIC—CARD TO THE PUBLIC.—

A The Committee of Management of the Academy of Music have the honer to inform the public that they have succeeded in effecting a junction with the Italian opera company announced to appear at Niblo's Gardon.

Grest risk, much treatle, and large sums of money, have not prevented the accomplishment of an object equally conceived to the interests of both parties, but still more advantage of the interests of both parties, but still more advantage to the interests of both parties, but still more advantage to the interests of both parties, but still more advantage to the interests of both parties, but still more advantage to the interests of the public favor, would necessarily have entailed less on A straigle between the Academy of Music and sheir rivals for public favor, would necessarily have entailed less on both, but, worse still, would have jeopardized the final establishment in this country of the lottless form of the lyric for the lalian Opera—and that, too, at the moment when its fortunes seem so near the senith.

These results it was most desirable to avoid; and the Committee therefore turned a ready ear to the first whisper of parley from the opposite earny. After laborious discussion and tedious negotiation, the matter ended by the Committee deciding to accept the terms proposed. Toge is no secessity to concess them, and she Committee desires that the musical world and the public of New York should knew that they have done their part in sustaining a noble institution, and this great metropolis.

The Committee have agreed, for the period of two months, to take charge of the rival company, and defray all the expenses connected therwirh. By these means a collision has been avoided that might have dispersed the opposition, but assuredly would have left the Academy erret, however enfeebled. Be that as it may the most reflect the academy at the proposite area of the rival company, and defray all the expenses connect

a fatal blow, and has found a final and spiculated among us.

Under present arrangements, a heavy task and an arduous undertaking have devolved on the Committee; but for midable ast it; they face it boldly, knowing that they have the public of New York to roly upon; and the proofs or sympathy for their disinterested exertions airready manifested by the taste, respectability, and popular feeling of the town, encourages them to believe they will be su taised to the last. Pecuniary loss may betall them; but if through their effort, a musical institution, whose remining influence admits of no question, is established on a a soli basis, their object is achieved and its cest will be cheerfull met.

TO DRAMATIC AUTHORS.—THE UNDERSIGNED proposes to the dramatic authors in the United States, to invite their exertions in behalf of the drama, to a competition for the following:—For the best farce, in which an Irish male and Yankee female character shall be the leading features—One hundred and fity dollars. For the best drama, in three acts, with an Irish male and Yankee female oharse-tos—Three hundred dollars. For the best comedy, in three or five acts, in which an Irish male and Yankee female oharse-tos—Three hundred dollars. For the best comedy, in three or five acts, in which an Irish male and Yankee female oharse-tos—Three hundred dollars. For the best comedy, in three of the small be the most prominent—Five hundred dollars. These sums will be paid to the successful authors respectively. The decisions will be made by a competent, disinterest-ed committee of five gentlemen. The latest term for the reception of the plays, which are to be sent to the subscriber, 102 East Ninefeenth street, or the Broadway Theatre, is the first day of August next.
